

SuperTraxx Sand

Colored Sand to mix with Super Traxx Outdoor Flex Epoxy to create outdoor coatings such as sidewalks, patios and pool surrounds. Formulated specifically to bond with Super Traxx Outdoor Flex Epoxy. This durable outdoor coating offers extreme protection against extreme high and low temps and protection against hard impaction.

Use 1 bucket of sand to 1 Outdoor Flex epoxy kit for coverage of 80-100 square feet.

NOTICE: Shipping time is around 10 days out from time of purchase.
